

Your company tax return

If we send the company a *Notice* to deliver a company tax return (form *CT603*) it has to comply by the filing date or we charge a penalty, even if there is no tax to pay. A return includes a company tax return form, any Supplementary Pages, accounts, computations and any relevant information.

Is this the right form for the company? Read the advice on pages 3 to 6 of the Company tax return guide (the *Guide*) before you start.

The forms in the CT600 series set out the information we need and provide a standard format for calculations. Use the *Guide* to help you complete the return form. It contains general information you may need and box by box advice

Please note that some boxes on form *CT600* are not in order, reflecting changes made since the form was first published in 2004.
